25X1A 1. Forwarded to AD/SO letter Sen. Hickenlooper received from [REDACTED]

2. P.R.C. meeting.

3. WLP delivered letter to Sen. McCarthy from the Director requesting that Case No. 11 be omitted from those presented to Senate Foreign Relations subcommittee. Sen. McCarthy reread his evidence which he felt contradicted our letter. He stated, however, that in view of the fact that the record was satisfied, he would raise no further questions about the case provided that the Director did not make his letter public or make political issue.
